- Assistant Superintendent's Signature _____

APPLICATION TO REGISTER FOR CONNECTICUT ACCOUNTABILITY FOR LEARNING INITIATIVE (CALI) CERTIFICATION TRAINING

OVERVIEW OF THE APPLICATION

For the past seven years, CALI has been the organizing force behind district's continuous improvement efforts. Professional development and technical assistance is a central part of the initiative and builds upon the outstanding work already done by educators in closing Connecticut's achievement gaps. Certified trainers play a crucial role in supporting the work and building the Connecticut State Department of Education's (CSDE) capacity to provide quality professional development and technical assistance. As of August 1, 2010 all educators who wish to attend Improving School Climate (ISC) Certification Training must submit an application.* The purpose of this application is to help the CSDE ensure that staff who attend CALI certification training will be used to build district's capacity for professional development, technical assistance and implementation of content. This application must be signed by the applicant, principal (if applicable) and assistant superintendent or CALI contact and e-mailed or mailed, three weeks before the start of the session, to:
